We would like to inform you, that the requirements for the documentation of zero-rated intra-community supplies have been changed in Germany. For the proof of the transport we will need a confirmation that states when the goods have been arrived at the place of the destination. The confirmation needs to be issued on a monthly basis. Therefor we will send you a list of the transaction performed by email and we would like to ask you to check the list and to confirm that email. Thank you very much for your patience.
