Temporary note due to COVID19-related procurement market situation: The procurement markets are currently in an unprecedented situation, which is characterized by the global, direct and indirect effects of the COVID19 pandemic, which has had a lasting impact on the global economy since its outbreak at the end of 2019. The pandemic-related disruptions to operations that have continued since then, the resulting shortage in the availability of raw materials and/or the economic processes impeded by production- and logistics-bottlenecks can lead to delays and disruptions in the performance of services by Würth and/or its sub-suppliers and service providers. Thus, despite all of organization may occur, that do not allow to meet the indicated delivery time/period and prices and/or which require an adjustment due to the situational circumstances. Against this background, Würth - until further notice - cannot assume any procurement risk and can only confirm the offered delivery periods/dates and prices over the performance-period without obligation (non-binding). Furthermore Würth reserves the right to provide partial deliveries/performance.
